

Performance Hybrid

El Sunzal is a fast, versatile hybrid built for long, flowing waves where glide and speed are essential. Its generous planing surface and low rocker help it accelerate through softer sections, while refined rails and a rounded pin tail keep it responsive and controlled when the wave stands up.

MODEL SPECS

BOTTOM CONTOURS
Single to double concave

FIN SETUP
5-fin convertible

ROCKER
Low entry / low exit

RAILS / FOIL
Medium-to-low performance rail

SIZING
Stock range 5'6" to 6'10"

BEST CONDITIONS
Point breaks, reefs & open-faced surf

STOCK DIMENSIONS

El Sunzal - Performance Hybrid

LENGTH	WIDTH	THICKNESS	VOLUME
5'6"	19 3/4"	2 1/4"	29.9 L
5'8"	20"	2 5/16"	32.1 L
5'10"	20 1/4"	2 3/8"	34.3 L
6'0"	20 1/2"	2 1/2"	37.5 L
6'2"	20 3/4"	2 5/8"	40.9 L
6'4"	21"	2 11/16"	43.6 L
6'6"	21 1/4"	2 3/4"	46.4 L
6'8"	21 1/2"	2 13/16"	49.1 L
6'10"	21 3/4"	2 7/8"	52.1 L

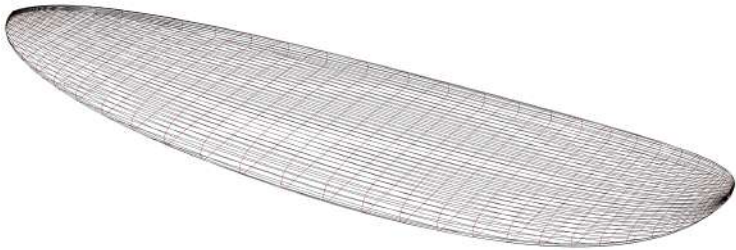

SHAPE & ROCKER DETAILS

Technical profile based on the board design: low rocker, single-to-double concave, and performance-oriented rails.

BOTTOM / CONCAVES

Single concave transitions into double concave for speed, lift, and control.

ROCKER / RAIL PROFILE

Low entry and exit rocker with medium-to-low performance rails for glide and response.
