Traditional Noserider Log

The JEDA Noserider is a traditional single-fin longboard built for glide, trim and extended time on the nose. A refined outline, nose concave and balanced tail work together to create stable noserides while preserving smooth, responsive turning from the tail.

MODEL SPECS

BOTTOM CONTOURS

Nose concave -> refined traditional contours

ROCKER

Relaxed-medium entry / medium exit

FIN SETUP

Single fin

RAILS / TAIL

Finely foiled rails / balanced tail

JEDA Noserider - Traditional Noserider Log

LENGTH	WIDTH	THICKNESS	VOLUME
9'0"	22 7/8"	2 7/8"	68.4 L
9'2"	23"	2 15/16"	71.6 L
9'4"	23 1/8"	3"	74.9 L
9'6"	23 1/8"	3 1/16"	77.8 L
9'8"	23 1/4"	3 1/8"	81.2 L
10'0"	23 5/8"	3 3/16"	87.1 L

CLASSIC GLIDE. MAXIMUM NOSE TIME.

A nose-concave bottom and finely foiled rails create the hold and control needed for long noserides, while the balanced tail and single-fin setup keep the board smooth and responsive through turns. The refined outline maintains clean trim lines without sacrificing stability up front.
