JEDA SURFBOARDS

MODEL PAPAYA LONGBOARD
HIGH-PERFORMANCE NOSERIDER

PAPAYA LONGBOARD

DECK / PROFILE / BOTTOM - source render reproduced proportionally

The Papaya Longboard blends classic trim, nose-riding control, and smooth all-around longboard performance. It offers easy paddling, confident glide, stable noserides, and a responsive feel off the tail for surfers who want a versatile board that performs across a wide range of clean conditions.

SHAPE & ROCKER DETAILS

Balanced longboard contours and a versatile rocker profile support glide, trim and responsive turning.

BOTTOM / CONCAVES

Subtle longboard contours support glide, trim and smooth transitions.

ROCKER / RAIL PROFILE

Low entry rocker helps paddling and wave entry; moderate tail rocker keeps the board responsive.
